front-end design

SOFT SKILLS

collaboration
user empathy

client relations

communication

self-motivation

BIO

I'm a designer who excels in all aspects of UI design. I have many years of history creating visuals for both physical and online products. Currently, I'm focusing on creating user interfaces. I natively speak HTML, CSS, and also gained some valuable knowledge of JavaScript. My skills and learnings allow me to bring ideas from concept to prototypes and then to production.

EXPERIENCE

UI Designer
OPPI | Oct 2017 – present
Currently, I collaborate with a freelance team named Oppi. I work on digital projects from smart hotel user interfaces to website design and development.

Designer
WINKLER & STENZEL | Oct 2011 – Apr 2018
I worked on both print and digital products. I participated in several advertising campaigns, branding, and rebranding projects. I designed and developed websites and product landing pages for our clients.

Graphic Designer
ART-VERSIO ADVERTISING AGENCY | Mar 2010 – Oct 2011

Lecturer
ÓBUDA UNIVERSITY REJTŐ SÁNDOR FACULTY | Sep 2009 – Dec 2009
